## Spanco bags SDC project in Orissa worth Rs 30 crore

**BS Reporter / Mumbai October 22, 2009, 10:42 IST**

Spanco, a Telecom and IT major, has got a contract of Orissa State Data Center (SDC) project. The order value of the project stands at Rs 30 crore and will be implemented over a period of 4 months.

This is the first SDC order in the country and is the part of the core infrastructure under the National eGovernance Program instituted by the Department of Information Technology.

There are around 23 similar projects across the country which are a part of this plan with a total expenditure of close Rs 1,110 crore. The company plans to have 5-7 SDC projects in the country.
